

Research Stockroom COVID-19 Sanitizing Procedures and use of the Stockroom

Liquid Nitrogen and dry ice fills: Bring your own cryogenic gloves if possible (most preferred). If you have to use the stockroom cryo gloves put on a clean pair of nitrile gloves and pull the cryo gloves over that. When you are done with cryo gloves return them to the stockroom staff to sanitize. Dispose of nitrile gloves in proper receptacle.

The stockroom staff will sanitize face shield, safety glasses and goggles in between each use.

Stockroom staff will wipe down touchable surface on liquid nitrogen container and dry ice container in between each customer.

No signature will be required on sales tickets at this time. Stockroom staff will ask for the name of the individual picking up the item and put it on the ticket with the staff initials as approval.

No signature will be required at this time for picking up packages. Stockroom staff will ask for the name of the individual picking up the item and put it on the ticket with the staff initials as approval.

Face masks required when coming to the stockroom.

Please remain 6ft apart while in line waiting on the stockroom staff to get your items. If the line does get too long that it is hard to stay 6ft apart the stockroom staff will ask people to come back at a later time.
